**GIVE. ADVOCATE. VOLUNTEER.**

United Way  
of Santa Barbara County

## What is the goal of Young Leaders Society?

The goal of United Way's **Young Leaders Society (YLS)** is to promote and encourage philanthropy and volunteerism among the young leaders of Santa Barbara County, through participation in a variety of social, educational, volunteer, and networking opportunities.

Are you a young professional who promotes and encourages the spirit of philanthropy and volunteerism in our community?

**Young Leaders Society** members are committed, compassionate, and generous people who support the work of United Way of Santa Barbara County and its efforts to advancing the common good in the community.

Together these young professionals actively seek ways to connect, serve and lead. They participate in and organize activities throughout the year centered around education, community service and networking.

## GIVE.

Members of **Young Leaders Society** are community-oriented individuals or couples 40 years of age or younger contributing a combined annual gift of \$300 or more to United Way of Santa Barbara County. (If members are a couple, only one partner needs to be age 40 or younger.)

## ADVOCATE.

**Young Leaders Society** was formed to provide community involvement and personal development opportunities for young professionals. This is a new, unique and dynamic group that offers its members multiple avenues to become involved with various United Way and community Initiatives, to directly make a difference in people's lives, and to ultimately become leaders in our community.

## VOLUNTEER.

**Young Leaders Society** members will enjoy many exclusive opportunities throughout the year including:

- volunteer projects
- mentoring programs
- networking mixers
- business opportunities
- and other fun events!

**YLS** programs will give members the opportunity to meet other like-minded civic and business leaders and become acquainted with Santa Barbara's prominent philanthropists.

YOU ARE INVITED TO LIVE UNITED.

Every year **YLS** committee members will nominate one individual to be honored in Pacific Coast Business Times "40 Under 40" issue printed in July. The **YLS** Leader of the Year will also be recognized at a dinner in September. Nominees will be individuals who have excelled in their line of business and philanthropic duties (involving some United Way activities).
