WE ARE WOMEN UNITED.

As an integral part of United Way, our mission is to mobilize a powerful leadership network of women to strengthen the Santa Barbara community through a focused investment of talent, compassion, and philanthropy.

Together we advocate, support, and expand the ongoing work of United Way of Santa Barbara County’s educational initiatives.

WE ILLUMINATE CHANGE.

Our focus is on expanding United Way’s early educational opportunities for local children through 3rd grade -- such as Early Learning Success Institutes and United for Literacy -- With prolonged school closures and distance learning, ELSI is more important than ever before. To better support local students, the program is being expanded to serve additional high-need students in kindergarten, first grade, and second grade who missed much of their critical early learning years, which are truly crucial, foundational learning periods for young children, due to the COVID-19 pandemic. Without early support, these children would struggle with the effects of the pandemic’s school closures for years to come.
